

AI BASED LEAD GENERATION & CRM SYSTEM

Brought to you by Kode Tech & JN Marketing Strategy.

WHAT PROBLEM DO YOU FACE AND WE SOLVE?

Are you **losing deals** because client inquiries are all over the place, and **follow-ups take forever**?

- ✦ **Xeroit AI-powered system** turns chaos into clarity.
- ✦ Get ready to move Your Sales Process **from manual to super structured and automated**, so no potential client slips through the cracks.

XEROIT IS AN AI BASED LEAD GENERATION & CRM SYSTEM

✦ XEROIT AI BOT

Smarter, faster, and more effective **lead generation**.

The Xeroit AI bot interacts 24/7 with potential clients on your website, social media, email, and WhatsApp, in any language. It provides them with accurate information about your business, captures inquiries, and collects contact details for follow-up.

✦ XEROIT CRM SYSTEM

Engage, track, and convert leads **more effectively**.

Inside the CRM, all lead information, including contact details, preferences, and engagement history, is securely stored and easily accessible. You can schedule calls, plan meetings, send follow-up emails, and even create personalized offers, ensuring no opportunity is missed.

WHAT CAN YOU EXPECT?

HOW XEROIT AI HELPS YOU?

- ✗ Leads are reaching out through multiple channels—email, social media, website—and the information is hard to collect manually so it gets neglected or lost?
- ✓ Xeroit AI interacts with leads on all your channels and centralizes all inquiries in one system, ensuring no lead is missed out.
- ✗ Following up takes more than 24h?
- ✓ Xeroit AI notifies you via phone or email whenever a new lead is added to the CRM. You'll also receive timely reminders to follow up with each lead, ensuring no opportunities are missed.
- ✗ Creating proposals takes too much time, leading to missed opportunities?
- ✓ Xeroit CRM saves you time and speeds up creating personalized offers by providing templates pre-filled with your business branding and information. Simply adjust the offer to fit the unique needs of each potential client.
- ✗ Tracking progress is complicated and inefficient?
- ✓ Xeroit's intuitive CRM helps you categorize leads, schedule calls and meetings, track all interactions, and create offers, so you have a clear insight into the status of each lead and closed deals.

KEY FEATURES OF THE XEROIT AI BOT
